## 2012-13 School Accountability Report Card Published During the 2013-14 School Year

## About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at 916.632.3195.

## School Description

Victory High School is an educational option/continuation school for grades 11 and 12. It is a high school diploma program designed to meet the needs of students aged sixteen and older who have not graduated from high school. Approximately $95 \%$ of our students are referred to our program because they are significantly behind in credits at the comprehensive high schools, and are in danger of not graduating. Supplemental programs and services include Regional Occupation Programs, career counseling, concurrent enrollment in community college and work experience. Our goal is to graduate each Victory High School student with a high school diploma.

## Mission Statement

At Victory High School, students are supported while learning core knowledge, skills and selfadvocacy to be successful in an ever-changing global-based society. We engage students in their own learning by celebrating their successes and helping them to envision and create their own futures.

School Motto: Motivate, Educate, Graduate
ESLR's: Students will:
Achieve Academic Competence by meeting state content standards in all subjects, by completing all required courses, and by passing the CAHSEE.
Become Communicators who convey significant messages verbally, in writing, and through use of appropriate technology in academic and non-academic settings.
Become Citizens who willingly volunteer, respect other cultures, and are responsible members of society as evidenced by good attendance and behavior in a safe and supportive environment.
Become Career Seekers who demonstrate interpersonal skills through graduation portfolio requirements

## Opportunities for Parental Involvement

Parental involvement is available through our School Site Council which has regular meetings. In addition, Parents can assist and volunteer with our Associated Student Body (ASB) on fundraisers and field trip supervision. In addition, our Interact club which reaches out to the community is always welcome to parent volunteers. Any parents wanting to assist in any aforementioend programs or through the Administrative Office for clerical assistance can contact Leta Momet at (916) 632-3195. . In addition, Victory High School hosts a Back to-School Night in the Fall. Lastly, Graduation is a welcomed event for all parents and community parents to attend.

| Expulsions Rate | 0.09 | 0.02 | 0.09 |

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

## School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

All schools in the Rocklin Unified School District have a Comprehensive School Safety Plan approved by the School Site Council. It includes an assessment of the current status of school crime, procedures to notify teachers of dangerous pupils, disaster procedures, child abuse reporting procedures, rules and procedures on school discipline, school wide dress code, policies regarding actions which would lead to suspension/expulsion, sexual harassment policy, procedures for the safe ingress and egress of pupils, and other safe school strategies and programs. It also includes an action plan for implementation. Date of Last Review/Update: February 2013. Date Last Discussed with Staff: February 2012. Last Year's Safety plan approved by Site Council in March 2013. Safety Plan for 2013-2014 will be presented to Site Council for approval in March of 2014. Evacuation Plans have been reviewed with staff for current year in September at a staff meeting.

## School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: December, 2012
Victory High School now occupies the Rocklin Alternative Education Center campus on Victory Drive. This beautiful facility opened in January 2000. Students and staff take pride in the appearance of our school, and our lead custodian sees to it that our campus is always clean and safe. The district maintenance and grounds crew also pay regular visits and make inspections at our campus. Students are allowed on campus after 8:00 a.m. and all depart by $4: 00 \mathrm{p} . \mathrm{m}$. All visitors to the campus are required to sign-in in the administrative office.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

## School Facility Good Repair Status (School Year 2013-14)

## Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

The Rocklin Unified School District is committed to high quality professional development that meets the needs of the staff aligned to the established Board's Strategic Priorities. The focus of our Professional Development is the following: A continuous development and commitment to Professional Learning Communities, a commitment to systematic research based effective teaching strategies and intervention strategies, to ensure that all students are provided the necessary skills and prerequisites to meet post-secondary goals and to prepare all students with 21st Century and California Common Core Standards. At Victory there has been a dual focus on the development of academic intervention programs and Professional Learning Communities.

## Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality webpage at: www.cde.ca.gov/nclb/sr/tq/

## Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assists students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

VHS is a Title 1 School with a focus on increasing student achievement (with a focus on Math and Language Arts). Services funded include: Special Education, School and Library Improvement Program, transportation, instructional materials, staff development, intervention classes, online credit recovery programs, supplemental instructional materials, etc...

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)
This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include Englishlanguage arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science ( $\mathrm{H}-\mathrm{SS}$ ) in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000 , with a statewide target of 800 . For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison
This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

## Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage:
www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

## Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.

## Admission Requirements for California's Public Universities

## University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top oneeighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for Universitylevel work.

For general admissions requirements, please visit the UC Admissions Information webpage at www.universityofcalifornia.edu/admissions/.

## California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU webpage at
www.calstate.edu/admission/admission.shtml. (Outside source)

## Completion of High School Graduation Requirements

This table displays, by student group, the number of students who were a part of the school's most recent graduating class for which CDE has available data and meet all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB. For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at cahsee.cde.ca.gov/.

## Career Technical Education Programs

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district's CTE advisory committee and the industries represented on the committee

Students are also able to attend on an academic pass CTE classes at either Comprehensive High School in RUSD.
Victory High School provides programs in:
Students are also able to attend CTE classes at both Rocklin and Whitney High School on an academic pass (if approved by both schools).
